HAND-PAINTED BALAYAGE

Color Collection

DETAILED VIEWS / STRAIGHT & WAVE

NUSFACEHAIR.COM

A PALETTE TO BEGIN WITH

Color starts a conversation.

Explore our hand-painted balayage wig color references. Each code identifies one visual color and style direction; the photographs may show more than one angle of it.

Choose a reference, then tell our team the root depth, highlight placement, tone and texture you want. A final sample or approved color brief is the reference for production. Screen and lighting conditions can change how color appears.
